ASLEEP IN A SHOW WINDOW.

A Hypnotized Man Sleeps Two Days and Nights.

The Lees, hypnotists, who created such a tremendous sensation in Richmond last week by placing a man in a hypnotic sleep for two days and nights, during which time he was in the show window of the Globe Clothing Company, without food or water, watched by a committee of citizens, who, at the awakening of the sleeping man, made affidavits that they watched him continually day and night, and that he had had neither food nor water nor left the cot during his long sleep, will make their first appearance in this city at the Academy next Monday night.

The Lees are the same people who last spring buried a hypnotized man alive in the city park at Chillicothe, Ohio, for thirty-six hours. They also hypnotized a man by telephone from Columbus, Ohio, to Chillicothe, of the same State, a distance of over fifty miles, and had the committee, composed of physicians of both towns, run hat pins through his face and arms, without pain or causing a drop of blood to flow.

At Richmond last week they did the biggest week's business ever done in the history of the theatre, and Monday night of this week they were compelled to use the first "standing room only" sign ever used in Petersburg. The Lees' engagement is for one week with Saturday matinee only. They are said to give a wonderful and extremely laughable performance and have been well received in all of the Southern cities.

A QUIET WEDDING.

Wm. H. Martin, a prominent merchant of this city, and Miss Ella V. Kissah, also a resident of this city, were quietly married yesterday at the home of Rev. Wm. Lunsford, pastor of the Jefferson Street Baptist Church, by him in the presence of only a very few intimate friends.

FOR GORMAN'S SEAT.

Congressman I. A. Barber and Col. Millikin Among the Aspirants.

Easton, Md., Nov. 17.—Dr. Isaac A. Barber, Congressman from the First district, has announced that he is a candidate to succeed Hon. A. P. Gorman in the United States Senate.

Dr. Barber has just returned from Baltimore, where he was seen in consultation with State Senator Dryden, of Somerset county, and other prominent Republican politicians.

It is also believed that Col. J. C. Mullikin, of Talbot, will enter the lists. A year ago it was his intention to become a candidate if the legislature should be Republican.

A GREAT FLOOD IMMINENT.

The River Neva Breaks Its Banks and Threatens St. Petersburg.

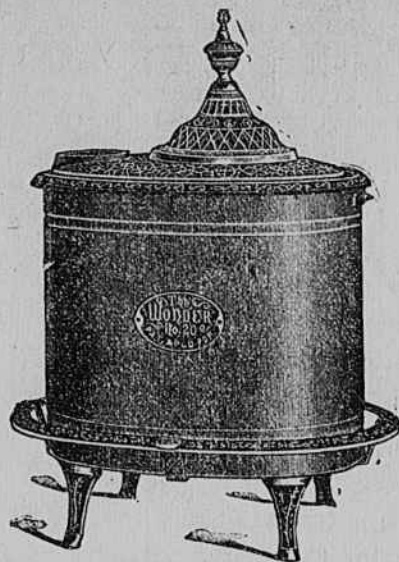

St. Petersburg, Nov. 17.—All day yesterday a fierce wind from the sea forced the waters of the Neva up the stream and flooded the canals, the suburban islands, and outlying portions of the city. Several bridges were swept away and the flood threatened to assume grave proportions. At frequent intervals cannon were fired at the fortress to keep the inhabitants alert. At 9 p. m. the wind began to abate, and it is possible that the expected great flood may be averted.
